Notes: The estimates are based on the 2010 Census and were created without incorporation or consideration of the 2020 Census results. The estimates reflect changes to the April 1, 2010 population

due to the Count Question Resolution program and geographic program revisions. For functional status codes, see <https://www.census.gov/library/reference/code-lists/functional-status-codes.html>. All geographic boundaries for these population estimates are as of January 1, 2020. An "A" in the 2010 Census field indicates a government that was formed or incorporated after the 2010 Census. Additional information on these areas is available in the Geographic Boundary Change Notes here: <https://www.census.gov/programs-surveys/geography/technical-documentation/boundary-change-notes.html>. For population estimates methodology statements, see <https://www.census.gov/programs-surveys/popest/technical-documentation/methodology.html>.

In July 2021, estimates as of April 1, 2020 were appended to this file. No changes were made to the data originally released in May 2021.
